

Indigenous Services Canada - Status Categories

ISC has a category formula they insist with registered status applications.

Below is the breakdown of how the categories are followed with registrations for treaty status.

A 6(1) category status is a person with 2 status parents

* Can pass on status alone

A 6(2) category status is a person with 1 status parent

* Cannot pass on status alone

Non Status

2 status parents

2 status parents

2 status parents

1 status parent

1 status parent

There are changes that can be addressed to raise a category; eligibility with the S-3 legislation for status people who lost their rights, their descendants are entitled to a category change or if the status father is not listed on the birth certificate he can be added to the application with a parentage declaration. If you think this could affect you or have questions, please inquire.
